GNSS, UAV, GIS INTEGRATED WORKSHOP AND SPATIAL TECHNOLOGY ROADSHOW

Monday 14th and Tuesday 15th October 2024

School of Surveying and Land Studies
PNG University of Technology
Taraka Campus, Lae

Aptella
AUTOMATION +
POSITIONING TECH

The ASPNG and PNGUoT SSLS will be running a CPD workshop immediately before the 56th ASPNG Congress in Lae this year. Congress exhibitors will also be showcasing the latest GNSS, survey-grade drones and software at the workshop. The two-day workshop will offer surveyors and geospatial professionals an insight into the latest surveying technologies and techniques. The emphasis will be on practical hands-on GNSS surveying, drone operation, data validation and software use. Attendees should bring a laptop and may also bring their own GNSS, drone equipment and software if they choose. The workshop will cover:

- GNSS rapid-static surveys for connection to geodetic control
- GNSS post-processing and network adjustment (including PPP)
- GNSS RTK for ground point points (GCP) and cadastral connections
- UAV/Drone photogrammetry techniques
- GIS and surveying software for handling of drone survey data

Refreshments: Morning and afternoon tea will be provided

Accommodation: <http://www.aspng.org/events.htm> for details

Workshop fees: **PGK 1,000** if attending the ASPNG Congress
PGK 1,500 if not attending the ASPNG Congress

Registration: Register by 5th October 2024 (form next page)

Workshop information: Contact Dr. Richard Stanaway richard.stanaway@pnuot.ac.pg
(workshop coordinator and senior instructor)
A detailed program and instructions will be provided closer to the date
Details will be posted at <http://www.aspng.org/events.htm>

Certificates: Certificates of completion will be provided to all workshop participants
